

FIELD DAY EXERCISES TO BE HELD TOMORROW

WILL BEGIN AT ANDERSON
COLLEGE AT 10:15 IN
MORNING--ATHLETIC
EVENTS

34 MEDALS OFFERED

Five Different Team and Ten
Contestants Each Contest--
Several Hundreds Will
Be in Attendance.

Tomorrow, Friday, the annual field day exercises for the schools of Anderson county will be held in Anderson, and if the day is a fair one, doubtless hundreds of school children from the various sections of the county will be in attendance.

There will be five contesting teams in the various events this year, which will make ten contestants in each event. Those in charge of the field day decided at the beginning not to have all the schools contest in Anderson, since this would be too much for one day, and the county was divided into four districts, not including the city schools of Anderson, which made five. Preliminary contests have been held in each of the five districts to select teams for the contests in Anderson. These teams represent those who have already been chosen in rather large contests, and the exercises tomorrow ought to be exceptionally good.

Due to the kindness and generosity of Dr. James P. Kinard, the morning exercises will be held at Anderson college. The athletic contests will be held in North Anderson. The Southern Public Utilities company will have extra cars at the college to transfer the pupils to North Anderson.

A condensed program of the event is as follows:

From 10:15 to 11:15, spelling in Rooms 203, 206 and 108 at Anderson college.

From 11:15 to 12:15, arithmetic in Rooms 108, 103 and 208 at Anderson college.

From 12:15 to 1, reading in Rooms 108, 103, 206, 207, 202 and 203 at Anderson college.

From 1:15 to 1, oratory in the Anderson college auditorium.

Athletics.

The athletic events will be held in North Anderson, the track to be used being North Avenue, which has been put in excellent shape. These contests will consist of 100, 220, and 440 yard races, broad and high jump, pole vault, shot put, flag race, etc.

Medals Offered.
All told, there will be 34 gold medals awarded to the winners in the various contests. These alone will be stimulus enough for each contestant to do his utmost to win.

All railroads leading into the city have put on special rates for this occasion, and the C. & W. C. will run a special train from Calhoun Falls arriving in Anderson at 8 o'clock. The rate will be two cents per mile instead of two and one-half as is the regular fare.

A number of the schools of the county have already signified their intention of sending a large number of representatives to Anderson to witness the contests.

VERY LITTLE CRIME IN COUNTY TO DATE

THIS YEAR HAS BEEN AN
EXCEEDINGLY GOOD
ONE

EIGHT PRISONERS

Are Now in Jail Awaiting Trial--
Sheriff and Deputies Receiv-
ing Few Calls.

The order in Anderson county so far this year has been far above the average, and at present there are only eight prisoners in jail, although it has been over six weeks since the first term of criminal court adjourned. The next term will be held beginning the second Tuesday in May, and so far there are only a few minor cases to be tried.

During the first three months of last year there was a wave of crime which swept over the county, during which time several murders were committed in different sections of the county. To date this year, there has been only one murder.

Sheriff Ashley stated yesterday that he and his deputies were receiving few calls, and that they had not had but one that amounted to anything within the past two weeks. There have been several store robberies this year, but otherwise the order in the county has been exceedingly good.

The people generally are very much pleased with Anderson county's record so far, and hope that it will continue to remain as it is.

WILLIAMSTON GIRL IS AWARDED MEDAL

LITTLE MISS EVA HAND
RESCUED THREE SISTERS FROM FLAMES

TWELVE YEARS OLD

Father's Home Was Burned and
She Was First to Awake and
to Arouse Others.

Miss Eva Destie Hand, the little 12 year old Williamston girl who last summer rescued her three sisters from a burning building when her parents' home was destroyed by fire, has been awarded a medal for her bravery by the Ralston Parina Hero commission of St. Louis, Mo.

It will be remembered that little Miss Hand was the first one of the family to awake on the morning of the fire. She was sleeping with three of her sisters in a room on the second floor, and after calling to her parents on the first floor, she aroused her sisters. Her parents quickly rushed from the building, and the little girl then got her sisters out of the window on the porch upstairs and pushed them off into the arms of the father who was awaiting below. Little Miss Hand then started back into the room and across the hall where her brother was sleeping, but the flames had gained too much headway, and she had to run and jump from the building.

The little girl was truly a heroine, and had it not been for her it would have been possible for the entire family to have been burned to death.

DEVELOP COAL TRADE WITH SOUTH AMERICA

Steamer Leaves New Export Terminal at Charleston for Buenos Ayres.

(Special to The Intelligencer.)
Charleston, S. C., April 5.—With the departure of the steamer Pleiades from the Southern railway's new export coal terminal at Charleston for Buenos Ayres, loaded with five thousand tons of Clinchfield coal, the first actual step has been taken in the development of what is hoped will be a large traffic in coal between South America and the southern coal fields through the port of Charleston, this being the first cargo of export coal to clear for South American consumption through this port.

Opportunity for the development of this commerce with South America has been made possible through the erection of the new coal terminal which embodies the most modern ideas for facilities of this character. Coal is dumped directly into a hopper from which it is fed into the holds of ships by a belt conveyor and a telescopic chute, insuring the most rapid handling and eliminating to a great degree the breakage resulting when coal is dumped into ships by gravity from elevated pockets.

While this is the first coal to leave for South America, a number of other cargoes have been sent to Cuba. There will be a cargo to leave for Cuba this week and also one for Galveston.

GREAT LOCAL TALENT PERFORMANCE TONIGHT

ELKS' COUNTY FAIR WILL
DOUBTLESS BE BEST
CITY HAS EVER
STAGED

PARADE STARTS AT 4 P. M. TODAY

Will Be Forecast of the Treat in
Store This Evening—Hun-
dreds to Take Part in
the Show.

Judging from the rehearsal last night in The Anderson theatre, Andersonians will have the opportunity tonight and tomorrow night of seeing one of the best shows of the season, even if it is a local talent production. Miss Sara Bock, the directress, doubtless possesses wonderful power of direction and training, for, judging from the rehearsal of last night, she has succeeded in gathering together and perfecting a large group of amateur performers, which when seen on the stage this evening, will surprise the most ardent supporters of the Elks' County Fair.

The Parade.
Not the first number on the program but one which will attract many people of the city, will be the parade this afternoon, which will start from the Elks' Home on North McDuffie street at 4 o'clock. This parade alone will bespeak the grandeur of the evening's performance. Numerous citizens of the city have consented to allow the use of their automobiles in the parade, and these will be filled with rollicking and frolicsome children, joyous youths and bashful maidens, young people and old people, all anxious for the night's performance, when they will be given the opportunity of displaying their talent before the Anderson public, which has been said by many to be one of the most critical in the south.

This parade will start from the Elks' Home promptly at 4 o'clock, and all those who will take part in it are requested and urged to be on hand at 3:30. It will take time to get everyone in the right machine and in the right place so that the parade will make the best showing, and it behooves all those who are in it, to be on hand promptly. This will doubtless be one of the most prominent features of the show.

Tonight at 8:30.
This evening at 8:30 o'clock in The Anderson theatre, the first performance will begin, and it will last as long as the average theatrical performance, if not longer. As has been recognized for a long time, Anderson has much local theatrical talent, and this has been so grouped and arranged to give the best show possible tonight. Of course there may be slight mistakes on the part of the performers, but these occur in the most finished productions of the leaders in the profession in America today, and these can only be remedied by constant practice and training.

Although Miss Bock has been days she has made a wonderful success with the Elks' County Fair. She has not lost a moment that would add to the success of the play, and she has put those who will take part through some of the most strenuous practice that could be possible. One lady remarked yesterday that she believed she could not have done more had she been practicing and rehearsing for one of New York's greatest theatrical productions. That the show will be a success seems very evident.

What is in Store.
The program tonight will consist of the County Fair, in which will be seen many quaint characters, not quaint to those who once upon a time attended the fairs of the days gone by, but quaint to the people who are accustomed to the city life. There will be Boss Jones, Handy Andy, Jake and Mary Sprucely, the bride and groom, the lemonade man, and many other amusing characters which will be especially interesting and amusing, doubly so since all will be Anderson people.

Following the County Fair there will be many musical numbers in which hundreds of the little boys and girls of the city will take part, these being led by capable leaders. There will be a moon chorus, a barn dance, quartettes, duos, impersonations, etc., all of which will be very interesting and which will doubtless display to a good advantage much of Anderson's local talent.

Tonight, however, will not be the only time that the people of Anderson and surrounding community will be given a chance to see the Elks' County Fair, for it is to be repeated on Friday night. Judging from the sale of tickets, most everyone will be there to see just what Anderson is capable of doing in the theatrical line when she takes a notion and when the talent is directed properly.

War Minister Resigns.
London, April 5.—A. Stefant dispatch from Rome says King Victor Emmanuel, has accepted the resignation of war minister Zupelli and appointed General Mayone to succeed him. It is said that Zupelli desired to participate in active operations.

Hollweg Denies It.

TWO ANNOUNCEMENTS OFFICE OF SHERIFF

W. B. KING AND W. OSCAR
MARRETT WILL BE IN
THE RACE

ARE NOW THREE

Sheriff Ashley Had Already An-
nounced for Re-election--
Are Well Known.

The Intelligencer this morning carries official announcements from Messrs. W. B. King and W. Oscar Marrett that they are candidates for the office of sheriff for Anderson county. Sheriff Ashley has already announced for re-election, and Mr. Tom Martin, it is said, will also be a candidate.

Mr. King, familiarly known as "Big King," is well known in Anderson county. After having served on the police force of the city of Anderson for a number of years, he was in 1908 elected as sheriff of this county, which office he held until his term expired. For the past three years he has been farming, having purchased a nice plantation in the Concord section. He has made a success out of his farm and his many friends will be glad to know that he will again be in the race for sheriff.

Mr. Marrett announced through the press last fall that he would be in the sheriff's race, and has already become acquainted with many people throughout Anderson county. This is his first entrance into politics. He was born and reared in the Fork section of the county, is a young man of splendid physique, has a winning manner, and will doubtless be a strong candidate.
